## Allies Warn Holland To Prevent Escape of Wilhelm and His Son Entente Fears Signing of Treaty May Not Bring Close of Trouble With German Nation

### MOVE TO REGAIN KAISER

Military Caste Sends Advertisement Through-out Germany.

COBLENZ, Thursday, June 26. (By the Associated Press.)—The following advertisement is appearing in newspapers in various parts of unoccupied Germany, being a part of the campaign that is going on throughout the country under the auspices of the Officers' Alliance:

"We have telegraphed the Holland government as follows:  
"The German officers' alliance, filled with gratitude for the hospitality afforded the German kaiser by Holland, in the name of millions of Germans, request the government of The Netherlands to refuse to deliver the kaiser to the entente. We cannot now defend our former war lord with our bodies but we expect the magnanimity of the Dutch to spare us this final and most humiliating disgrace."

No papers appearing in the American occupied area have been permitted to print the advertisement, which is addressed "To all Germans."

June 26. (By the Associated Press.)—Former Emperor William is planning to speedily return to Germany before the entente can demand his surrender from Holland, according to a Stuttgart dispatch to the Neue Berliner Zeitung. This states that the Dutch government "thoroughly approves of his return, as the former emperor is an unwelcome guest and his presence in Holland is increasing the problems before that country."

BERLIN, June 26, by the Associated Press.—Former Emperor William is planning to speedily return to Germany before the entente can demand his surrender from Holland, according to a Stuttgart dispatch to the Neue Berliner Zeitung. The dispatch states that the Dutch government "thoroughly approves of his return, as the former emperor is an unwelcome guest and his presence in Holland is increasing the problems before that country."

### ANTI-GOVERNMENT MOVE PUT DOWN

Counter-Revolution in Hungary Has Been Quelled and Order Restored.

BERNE, June 27.—A counter revolutionary movement in Hungary during which a monitor on the Danube was seized by the anti-government forces, has been put down, according to advices to the Vienna Correspondence Bureau from Budapest.

The messages indicate that the counter revolutionary movement developed Tuesday. The officers who took possession of the monitor used the vessel's guns for bombarding the soviet headquarters, while members of their supporters on the banks of the river, it is declared, cheered for the cause of royalty. There was considerable rifle and revolver firing, during which numerous persons were wounded.

A Budapest dispatch to the bureau filed on Thursday stated that the government had been quelled and order restored. In referring to the outbreak, Bela Kun, the soviet foreign minister, is quoted as recommending harsher measures to the central executive committee.

"The present weakness of the dictatorship is responsible for these troubles," he declared. "The bourgeoisie must be crushed without mercy. To proclaim kindness and leniency would be to shake the confidence of the proletariat. We do not want equality, but the dictatorship of the proletariat."

### DANIELS ISSUES ORDERS

Pacific Coast Commandants to Make Surveys for New Fleet.

WASHINGTON, June 27.—Commandants of navy yards and stations on the Pacific coast were directed today by Secretary Daniels to make surveys of their stations so as to be ready when he reaches the west coast to submit recommendations for extensions and improvements necessary to care for the new Pacific fleet. The secretary expects to arrive early in August with the fleet, which will leave Hampton Roads between July 15 and 20.

Secretary Daniels will inspect the naval facilities in the Panama canal zone while en route and will gather data there on which to base his future recommendations. He will spend about two weeks visiting the navy yards and stations at San Diego, San Francisco, Puget Sound and other points and will submit his recommendations to congress as soon as possible after his return.

Naval officers said today one of the most pressing needs is a drydock at San Francisco capable of accommodating the largest warships. Such a basin has been constructed by a private concern under a guarantee of a certain amount of naval revenue each year. Mr. Daniels will inspect this dock and also will confer with naval officers on the subject of the contemplated new navy yard at San Francisco. This yard was in prospect when the war put a stop to all except the most urgent construction work.

### AERIAL ARMADA WELCOMES THE OVERSEAS MEN

NEW YORK, June 27.—An armada of aerial craft was assembled at nearby aviation fields early today preparatory to a flight down the bay to welcome America's trans-Atlantic airmen who are returning to America aboard the transport Zeppelin. In addition to the members of the crew of the NC-4, headed by Lieutenant Commander Albert C. Read, are Commander John H. Towers, commander of the expedition, and Lieutenant Commander P. N. L. Bellinger and members of their crews who were forced to abandon their attempted trans-oceanic flight at the Azores.

The entire aerial force of the United States has been ordered by Admiral Mayo, commander in chief, to greet the returning fliers and from Mineola every type of military airplane will join the aerial fleet. In addition about thirty privately owned airplanes have arranged to join the reception committee.

### Kansas Wheat Crop 33,000,000 Bushels Larger Than Report

TOPEKA, Kans., June 27.—The Kansas winter wheat crop, now being harvested, was estimated at 229,217,000 bushels in the monthly report issued today by J. C. Mohler, secretary of the state board of agriculture.

This is an increase of more than 11,000,000 bushels over Mohler's May report and it is approximately 33,000,000 bushels greater than the last federal monthly report.

### PLOT TO MURDER ALFONSO

Anarchists Plan to Assassinate King on Way to Meet Deputies.

WASHINGTON, June 27.—Rumors of an anarchist plot to assassinate King Alfonso of Spain during the procession accompanying the reopening of the cortes Tuesday was responsible for the sudden change of the scene of the ceremony from the chamber of deputies, where it usually is held, to the senate house adjoining the palace. The state department was informed today in official dispatches from Madrid.

The anarchist plan was said to have been to attack the king while he was en route from the palace to the chamber of deputies.

### MACHINE GUNS ARE TURNED ON HAMBURG PEOPLE

PARIS, Thursday, June 26.—(By the Associated Press.)—The American relief associations here have received a dispatch from Colonel Ryen, sent from Hamburg on Wednesday.

"There was considerable street fighting last night and this morning between government troops and civilians. Machine guns were used on both sides and a number of persons were killed and wounded. Rumors indicate that the government troops are temporarily losing ground. Additional troops are reported coming from outside the city. The American destroyers, Barnard and Uphur are here and the food ship Elliot is also in Hamburg harbor. The Kona, another food ship, is coming up the river."

The dispatch says American relief workers are not disturbed and will continue work.

### Mueller and Bell Are to Sign for German Government

(By the Associated Press.) While no official information is yet at hand with regard to the appointment by the German government of plenipotentiaries to proceed to Versailles to sign the peace treaty, the latest unofficial advices arriving in Paris from Germany are that Dr. Hermann Mueller, foreign minister in the cabinet of Herr Bauer and Dr. Bell, the minister of colonies, have been chosen for the duty.

The time for the signing of the treaty also still is in doubt. The German delegation, says the reports, will reach Versailles Saturday morning, having been due to depart from Berlin Thursday night. There has been some talk of the possibility of setting Sunday as the date for the signing, and Monday also has been spoken of.

### INTERNATIONAL SITUATION

(By the Associated Press.)

Dr. Hermann Mueller, German foreign minister, and Dr. Johannes Bell, minister of the colonies, are on their way from Berlin to Versailles to sign the treaty of peace, having passed through Cologne this morning. Arrangements are proceeding for the signing of the treaty at 3 o'clock Saturday afternoon.

Notwithstanding the probability that the formal signing of the treaty seems near to accomplishment, Paris reports intimate that there is a feeling among the allied delegates that the signing may not bring to a close the tense situation between the allies and Germans. A bad impression as to the stability of the present German government has been created in Paris. It is pointed out that there is no provision in the treaty as to when Germany must ratify the document and it is feared there may be vexatious delays before peace is actually restored.

Meanwhile a Stuttgart dispatch to a Berlin newspaper states that former Emperor William is planning to return to Germany before the allies can demand his surrender by the allied governments. Dispatches report the internal situation in Germany becoming increasingly serious. Affairs at Hamburg are concededly in a bad way and there are numerous reports of communist movements in existence or in prospect, while a counter-revolutionary movement is said to be brewing in the eastern part of the country.

### BELA KUN TALKS ON COMMUNISM

POLICY IS FOR PEACE

Lenine Not Dictating—Allies Should Not Interfere, But Should Raise Blockade.

BUDAPEST, Thursday, June 26. (By the Associated Press.)—The allied policy toward Hungary should be one of non-interference in our internal affairs and the allies also should raise the blockade. Bela Kun, foreign minister of the present Hungarian government, told The Associated Press correspondent today in discussing as serious that Hungary had been interfering with the affairs of the Austrian republic.

Minister Kun also expressed confidence that communism would succeed in Hungary.

Resuming his discussion of the reported friction with the Austrian republic, he said:

"It is altogether untrue. Austria is seeking to deceive the public so that it may continue the domination of Hungary. It is also untrue that we bought guns and rifles from the Italians."

"Our policy is peace. Premier Lenine of Russia is not dictating our internal policy. We are merely following his idea that principles should be altered to meet changing circumstances."

"Yes, communism will succeed here," said in answer to a question. "We now are in a period of transition, going back toward socialism."

Asked if Hungarians wanted communism, he said:

"The majority is passive but the minority is active. Anyway, it is impossible for us to work under capitalism even with the latter passive."

"I know the Germans will sign the peace terms and I am glad of it, for it means a revolution in Germany. After such a peace capitalism will be incapable of organizing production there. Nor would it pay, politically to try to do so. Peace will bring class war and revolutions in other countries, as foreseen by Lenine who is the greatest man in the world."

### JAPAN DISTURBED OVER EFFORT TO START SOCIALISM

TOKIO, May 22.—(Correspondence of the Associated Press.)—Japanese authorities are disturbed over an effort to start a socialist movement of an extreme nature in this country. Several secret meetings have been held at which speakers have proclaimed radical doctrines.

The police are actively engaged in the search of "dangerous thought" propagandists. Recently postcards propagating radical socialist principles have been sent from Tokyo to petty officers and men of all army divisions. Domestic searches were carried out in all directions, but very few copies of the postcards were seized. Mr. Homma, chief secretary of the Metropolitan police board, declared that so far there is no indication of bolshevism or nihilism having been introduced in Japan.

### Congress Given Report.

WASHINGTON, June 27.—Congress has been advised by the Alaska engineering commission that the Alaska government railroad project will be completed in 1921 at a total cost of \$50,436,971 or about \$73,200 a mile.

L. J. McPherson, engineer in charge, said this cost compared favorably with American continental construction costs.

It is planned to employ between 5000 and 6000 men on the project this summer, McPherson said.

### HAMBURG ISSUES A WARNING

Trouble Not Political But Caused by Profiteers.

HAMBURG, Thursday, June 26.—The commission of twelve now in control of the city has issued a statement regarding disorders there which reads: "Again blood has flown in Hamburg. Out of spontaneous disgust at shameful adulteration of food stuffs there has grown a stormy movement of protest which the Hamburg government thought to choke in blood. It was volunteers from Avenfeld, a suburb of Hamburg, who in conjunction with Hamburg police brought about the bath of blood."

"Throughout all Germany in the last few days there have been spontaneous tumults that have not been political in character but have been born of desperation on the part of starving people forced to pay money for the spoiled, uneatable, horrible foodstuffs sold in order to poison those who retained their health to a certain extent during the fearful world's murder."

"The occurrences at Hamburg, Luck and other cities were only possible because private capitalistic profiteers had been able to exercise control over the working people. Meanwhile there has been setting in a reaction that will operate spontaneously for the benefit of working men. We urge you to remain cool and to undertake nothing that might cause difficulty among Hamburg industries and thus immediately establish some basis for action."

"Out of Hamburg with the troops! Down with senators who shoot working men!"

### Poland to Use Troops to Drive Out Outlaws

PARIS, Thursday, June 26. (By the Associated Press.)—The council of four has granted Poland permission to use General Haller's army, or any of its other troops, in restoring quiet to eastern Galicia and driving outlaws from the country.

The armistice between Poland and Ukraine ended June 21 when officers representing Simon Petlura, the Ukrainian peasant leader, advised Polish generals that Petlura had not authorized the negotiations which resulted in the armistice.

### CROWN PRINCE FOUND

Is Still at Residence on Island of Wieringen.

THE HAGUE, June 27.—Frederick William Hohenzollern, the former German crown prince, whose escape from Holland to Germany had been reported, was still at his residence on the island of Wieringen in the Zuider Zee this morning. It was officially announced here this afternoon.

Paris Papers Doubt Prince's Escape. PARIS, June 27.—As the hours have passed without further details of the escape from Holland of Frederick William Hohenzollern, some doubt has been created in peace conference circles as to the accuracy of the advices. The Paris newspapers today in some cases reflect this attitude, the Figaro remarking that the affair may turn out to have been a simple lark by the ex-crown prince in Dutch territory.

It is pointed out that he had no particular reason to flee Dutch soil, the peace treaty not providing for his extradition and that, on the other hand, by entering Germany he might be let off with the personalities whose delivery the entente will ask.

Dutch Government Warned. Nevertheless, the council of four, the newspapers state, has decided to call the attention of the Dutch government to the grave consequences which might follow the former crown prince's escape, should it be confirmed that he has fled, and to ask that the watch over former Emperor William be increased in vigilance.

The fact that the former crown prince was still at Wieringen was disclosed by an official investigation made by the Dutch minister of the interior.

### CROWN PRINCE PREDICTS WAR.

LONDON, June 27.—"After peace is signed I will return to Germany to live on my estates in Silesia and perform my duties as a land owner," said the former German crown prince in an interview last week at Wieringen, according to a Brussels dispatch to the Daily Mirror.

"The prince is also quoted as declaring that eastern Prussia and Silesia will never consent to be governed by Poland. There will be another war in ten years."
